

## Materials

- Paper
- Coloured paints / pastels / pencils / pens

This week we will be making a drawing inspired by the sounds in our garden or on a walk.

Start by going outside and listening to the sounds around you.

What can you hear?

You can take a notebook outside with you and make marks or write down words to help you remember the sounds.

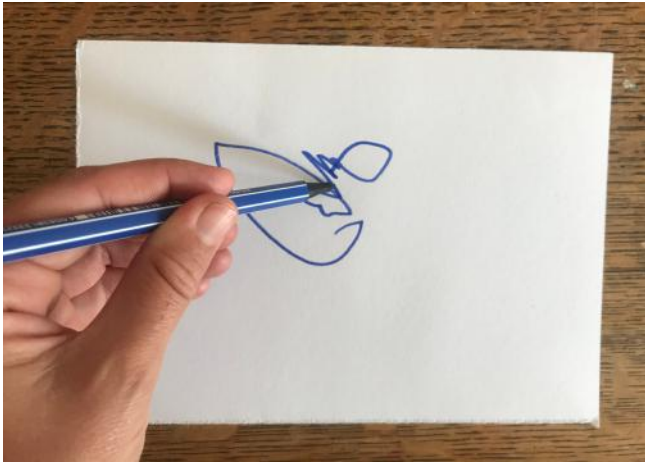

Once you get back inside, set up your materials.

Now close your eyes.

What sounds can you remember from being outside?

Imagine your hand is moving to the sounds and start to draw.

What colours does the sound make you think of?

Is the sound loud or soft?

Is the sound fast or slow?
