

Shallal Studios seaweed-themed creative workshops at Krowji

Following on from our beach workshops, we will be taking our ideas into the Shallal art studio at Krowji in Redruth for some group creative sessions.

It doesn't matter whether or not you came to the beach workshops. We can show you photos, drawings and videos of what we found out, so that you can join in.

We will be using lots of different materials and ways of making art, including printmaking and textiles. We would love you to get involved!

When?
